

Newdigate Infant School

Sports Premium Funding Academic Year 2013/14

Background Information:

The government is providing substantial additional primary school sports funding for the academic years 2013/4 and 2014/5 to improve the provision and quality of physical education and sport in primary schools as part of the Olympic legacy. All state maintained schools which have primary aged children will receive £8000 plus £5 per pupil (excluding reception) for each of the two academic years. Funding is calculated per pupil according to the annual census in January 2013. The funding is ring fenced and therefore can only be spent on provision of PE and sport in schools. Schools will have the freedom to be able to choose how they do this.

We will be held accountable for how we have used the additional funding to support pupil progress and participation in PE and school sport and will be surveyed by OFSTED at the end of the first year. We are required to publish online information on our website about how we have used the funding, including details about our sporting provision and our school's sports vision.

Our Vision Statement:

Physical education develops the children's knowledge, skills and understanding, so that they can perform with increasing competence and confidence in a range of physical activities. We believe physical activity ensures physical, mental and emotional well-being, and promotes positive attitudes towards a healthy lifestyle. We hope that our children will continue to make informed choices about physical activity throughout their lives and to take part in sports, which they enjoy, sustaining into a lifelong participation of regular exercise.

Overview of the School:

Total number of pupils on role in Jan 2013	67 (excluding reception)
Total amount of Sports Funding received	£8335

Summary of Spending and Actions Taken:

Following our audit of PE provision, we identified the need for staff training to confidently deliver gym and dance; to improve and update our PE scheme; to make better use of the outside environment and to increase resources for our active lunchtimes. With some of the funding the Primary and Infant schools have employed a School Sports Coordinator for 2 days a week for schools to work collaboratively on shared priorities to develop a sustainable long term structure. For details of how this is being spent, go to <http://www.dorking-schools.net/leisure.html>.

Project	Objective	Cost	Impact
Youth Sport Trust Membership	To receive up to date information on developments in PE and access courses and training.	£240	Enhance PE provision and implement new ideas.
Payment for Dorking School Sports Coordinator Mrs C. Stowell.	To ensure Dorking Schools work together as a cluster and pool resources to develop outstanding PE provision for all its schools.	£1900	http://www.dorking-schools.net/leisure.html

	To continue to develop and provide a variety of competitions and festivals for schools to participate in.		
Create Real PE training and resources. Whole school training for all staff.	To increase teachers' confidence and expertise in delivering higher quality PE lessons.	£1995	All staff will be more confident at delivering higher quality PE and children will improve their skills.
Dance training by Star Steppers. Whole school training for all staff.	To increase teachers' confidence and expertise in delivering higher quality dance lessons.
